

# SIMPLOT ORGANIC PLUS

## 2-1-3NPK Complete Organic Conditioner for Turf

Simplot Organic Plus is a combination of organic substances to assist in maintaining biodiversity, nutrient & water retention and promotion of larger root systems. Through a combination of seaweed (ecklonia maxima), soluble humic acids, amino acids, protein and carbohydrates, Simplot Organic Plus is the complete organic conditioner.

Simplot Organic Plus contains the natural growth hormones Auxins and Cytokinins to help promote and develop larger, healthier root systems so to maximise fertiliser and irrigation programs.

Humic Acid will assist in increasing the levels of humus in the profile. Adding Humic Acids will increase the ionic exchange capacity of the sandy soils, buffer toxic salts, excessive pH ranges and stimulate biological activity resulting in root proliferation.

Simplot Organic Plus contains essential amino acids, proteins and carbohydrates for increased microbial activity such as beneficial bacteria, enzymes and biological substances necessary for efficient soils. This combination of organics will assist the establishment of other biological products.

### DIRECTIONS FOR USE: TURF

Rate: 0.3 - 1.0 L / 100 m<sup>2</sup>

### APPLICATION NOTES:

Tees & Greens: 5 - 10 L water / 100 m<sup>2</sup>

Apply to increase organic status and microbial activity.

### PRODUCT ANALYSIS

		w/v%
Humic & Fulvic acids	as Potassium Humates	6.0
Seaweed	as Liquid Seaweed Extract	5.0
Protein		10.0
Amino Acids		10.0
Carbohydrates		20.0

### PRODUCT SPECIFICATIONS

S.G:	1.23
pH (Neat):	9.0 - 10.0
Appearance:	Black suspension
Shelf Life:	3 years

### AVAILABLE PACK SIZES & WEIGHTS

5 Litre:	5.5
20 Litre:	22.0
200 Litre:	219.5
1000 Litre:	1130.0
